Finding Your Revolutionary War Ancestor

Richard Ferman's lecture is based on 60 years of research, frustration, and verification of records in applications to the SAR and the DAR. Richard will make us aware of what is expected and how to anticipate problems before they become obstacles to acceptance by either the SAR or the DAR.

Richard J. Ferman graduated from Ohio University in 1967. He retired from IBM in 2004. He is the current Program Chair and a Past President of the Santa Clara County Historical and Genealogical Society. Richard is active in the United Veterans Council of Santa Clara County, IBM Amateur Radio Club, Sons of the American Revolution, and Willows Senior Net Center of San Jose. He has presented numerous lectures and seminars on various aspects of genealogy.
