Workshop: Succeeding Together to Find Interesting Ancestors

We invite you to participate in this Family History Workshop jointly provided by Livermore-Amador Genealogical Society (L-AGS) and Livermore Family History Center (LDS).

Genealogy - also known as Family History Research - is a worldwide hobby pursuit.

Instead of our regular June monthly meeting, we urge all to gather at the LDS Family History Center, 950 Mocho St., Livermore, CA on Saturday June 8th from 12-4. This will be a collaborative effort. We will arrange in several groups of no more than five per table. Participants will blend their skills and resources, working together helping each other locate Family History documents.

There will be WiFi with free access while in the center to more than a dozen premium family history websites that generally charge \$ for subscriptions. Everyone has his or her own set of reasons for exploring their family history. A lot of millennials are trying to learn who they are, where they came from and why. "I've always wanted to learn about my family tree but just don't know where to start."

L-AGS members cordially help people of all skill levels to improve their knowledge and understanding of their ancestors and their connections to historical events. Although our name says Livermore-Amador, our members provide expertise in nearly all aspects of family history exploration from 17th-century colonization through research of twentieth-century immigration from all ancestral continents.

As a starter, begin to fill in the back of this page and bring it with you to the Workshop.
