Clues Leading to Ancestral Villages by Patrick Lofft

A Special Program on Genealogical Research

Patrick's discussion and slide show will acquaint us with the variety of American records that he researched to learn the names of European and Asian villages from which ancestors migrated across the oceans. He will provide hints that may lead others to track down similar information archived in American records.

Patrick's interest in Genealogy dates back over 50 years. He currently manages his data with The Master Genealogist.
