Getting Organized (What a Mess!)

Why do you need to be organized? In order to find things! We will discuss what needs to be organized, different ways to sort things and how to figure out what works for you.

Debbie Shields has been doing genealogy research for more years than she cares to admit. She has had several careers: Chemist, full-time Mother, computer programmer and accountant. Her books, computer files, file cabinets and the inside of her head are very tidy, but her home and inside of her car are a mess! She is currently the Secretary of the Santa Clara County Historical & Genealogical Society, manages their member database and teaches part of their semi-annual beginner's seminar. Debbie has also been President, Vice President, Treasurer and Newsletter Editor.
