## Sanborn Fire Insurance Maps for Genealogy

The Sanborn Map Company published many detailed maps of cities and towns around the United States in the 19th and 20th centuries. Using them, in conjunction with land records, can help tell the stories of your ancestors and give you a picture of what their living conditions and communities were like during the time they resided there.

Jeanette Sheliga is from Lockport, NY where she is the Chairman of the Board and Vice President of the Niagara County Genealogical Society, the organizer of the North Tonawanda Library Genealogy Club, and the Registrar for the Niagara Falls Chapter of the DAR. She is a member of many organizations including the National Genealogical Society, Association of Professional Genealogists, New York Genealogical & Biographical Society, and the Virtual Genealogical Society. Jeanette has been a genealogy educator, librarian, and guest lecturer for many organizations and libraries since 2011.
